

Cyber Smart Week 2025

Bingo Caller Cues

Caller instructions: when reading these statements out, your team will need to find the wording in purple on their Bingo cards.

The intro sentence is a suggestion only – make it as fun as you'd like.

1. Lock it down – **Turn on two-factor authentication**
2. Too many passwords? – **Use a password manager!**
3. Set and forget – **Turn on auto-updates**
4. Too good to be true? – **Think before you click**
5. Won \$500! – **What's 'phishing?'**
6. Long is strong! – **Passwords should be 16 or more characters**
7. A scammer loves a copycat – **A unique password on every account**
8. Look around, what do you see? – **Create a passphrase with four+ words**
9. Seems a bit suss? – **Report to us**
10. Prevent a stalker – **Set your social media settings to private**
11. Where to start!? – **Start with your banking, email and social media accounts**
12. Something you should never use for a password – **Pet's names, family birthdays**
13. Secure in your own home? – **Change your default WiFi password**
14. Woah! What's the rush? – **Urgency is a red flag**
15. Don't fall for the bait – **Only download apps from official app stores**
16. Same same, but different – **2FA, MFA, 2SV**
17. Take control – **OwnYourOnline.govt.nz**
18. Scammers don't discriminate - we're all susceptible – **Take a moment to own it**
19. Taihoa! – **Never share your login details**
20. A password that takes seconds to crack – **Never use 123456**
21. Two layers are better than one – **Use an authentication app**
